RESULTS OF POLYGRAPH EXAMINATION OF X/MENDOZA

1. On 02Apr06, subsequent to executing Enclosures (A) and (B), Humberto MENDOZA (X/MENDOZA), was administered a polygraph examination by Examiner/Reporting Agent (RA) in conjunction with a death investigation of Iraqi civilians. The following are the relevant questions utilized during the polygraph examination and X/MENDOZA's responses thereto:

- (a) Did you lie when you said that man reached into the closet? No
- (b) Did you lie when you said that man reached into the closet that morning? No

After chart evaluation and prior to NCISHQ quality control review the RA concluded that deception was indicated based on X/MENDOZA's physiological responses to the relevant questions. X/MENDOZA terminated the interview shortly after being informed of the examiner's opinion. X/MENDOZA was then escorted back to his command by NCIS personnel.
